Dear Sir / Madam

M25 junction 10/A3 Wisley interchange improvements: Have your say

We will be holding a public consultation about the M25 junction 10/A3 Wisley interchange improvement scheme from 5 December 2016 until 6 February 2017. In line with the government's Road Investment Strategy, Highways England has committed to make improvements to improve the traffic flow, increase safety and capacity, and boost local growth at this key junction.

We are interested to hear what key stakeholders in the area think about our proposals. There are some consultation materials on our website www.highways.gov.uk/m25j10. Please feel free to share this information amongst your networks and members when it goes live on Monday 5 December.

We will be holding a stakeholder briefing on Monday 5 December at Ripley Village Hall, from 12.30 - 2pm. Representatives from Highways England and the project engineering team will be available to talk through the proposals with you. I do hope you will be able to join us.

All responses to the public consultation will be recorded in a consultation report and will be considered as part of the option selection process.

The closing date for responses is 11.59pm on 6 February 2017.

There are several ways to have your say:

Online

The M25 junction 10/A3 Wisley Interchange website has information about the consultation, including a section with Frequently Asked Questions and a link to the online questionnaire.

Visit www.highways.gov.uk/m25j10

Public consultation events

Our public consultation events give you an opportunity to see our scheme proposals in full and get more information about the benefits. Members of our project team will be available and we will also have copies of the consultation questionnaire for you to fill in.

We will be hosting the following **public** exhibition events:
